

2022/2023

The Fine Lumens team is composed of a passionate group of people that strive to make products that keep a good balance between beauty and efficiency. We wanted to streamline our production, but at the same time maximize the applications of every product.

THE MONO COLLECTION

designed by Notion Studio

F I N E L U M E N S

MONO TABLE LAMP

MONO is a portable reading lamp designed by Notion Studio. The design is inspired by the gesture of ancient Chinese terracotta figurines, which is called “Zuo Yi” - a greeting gesture that represents hospitality, kindness and humility.

MONO TABLE LAMP

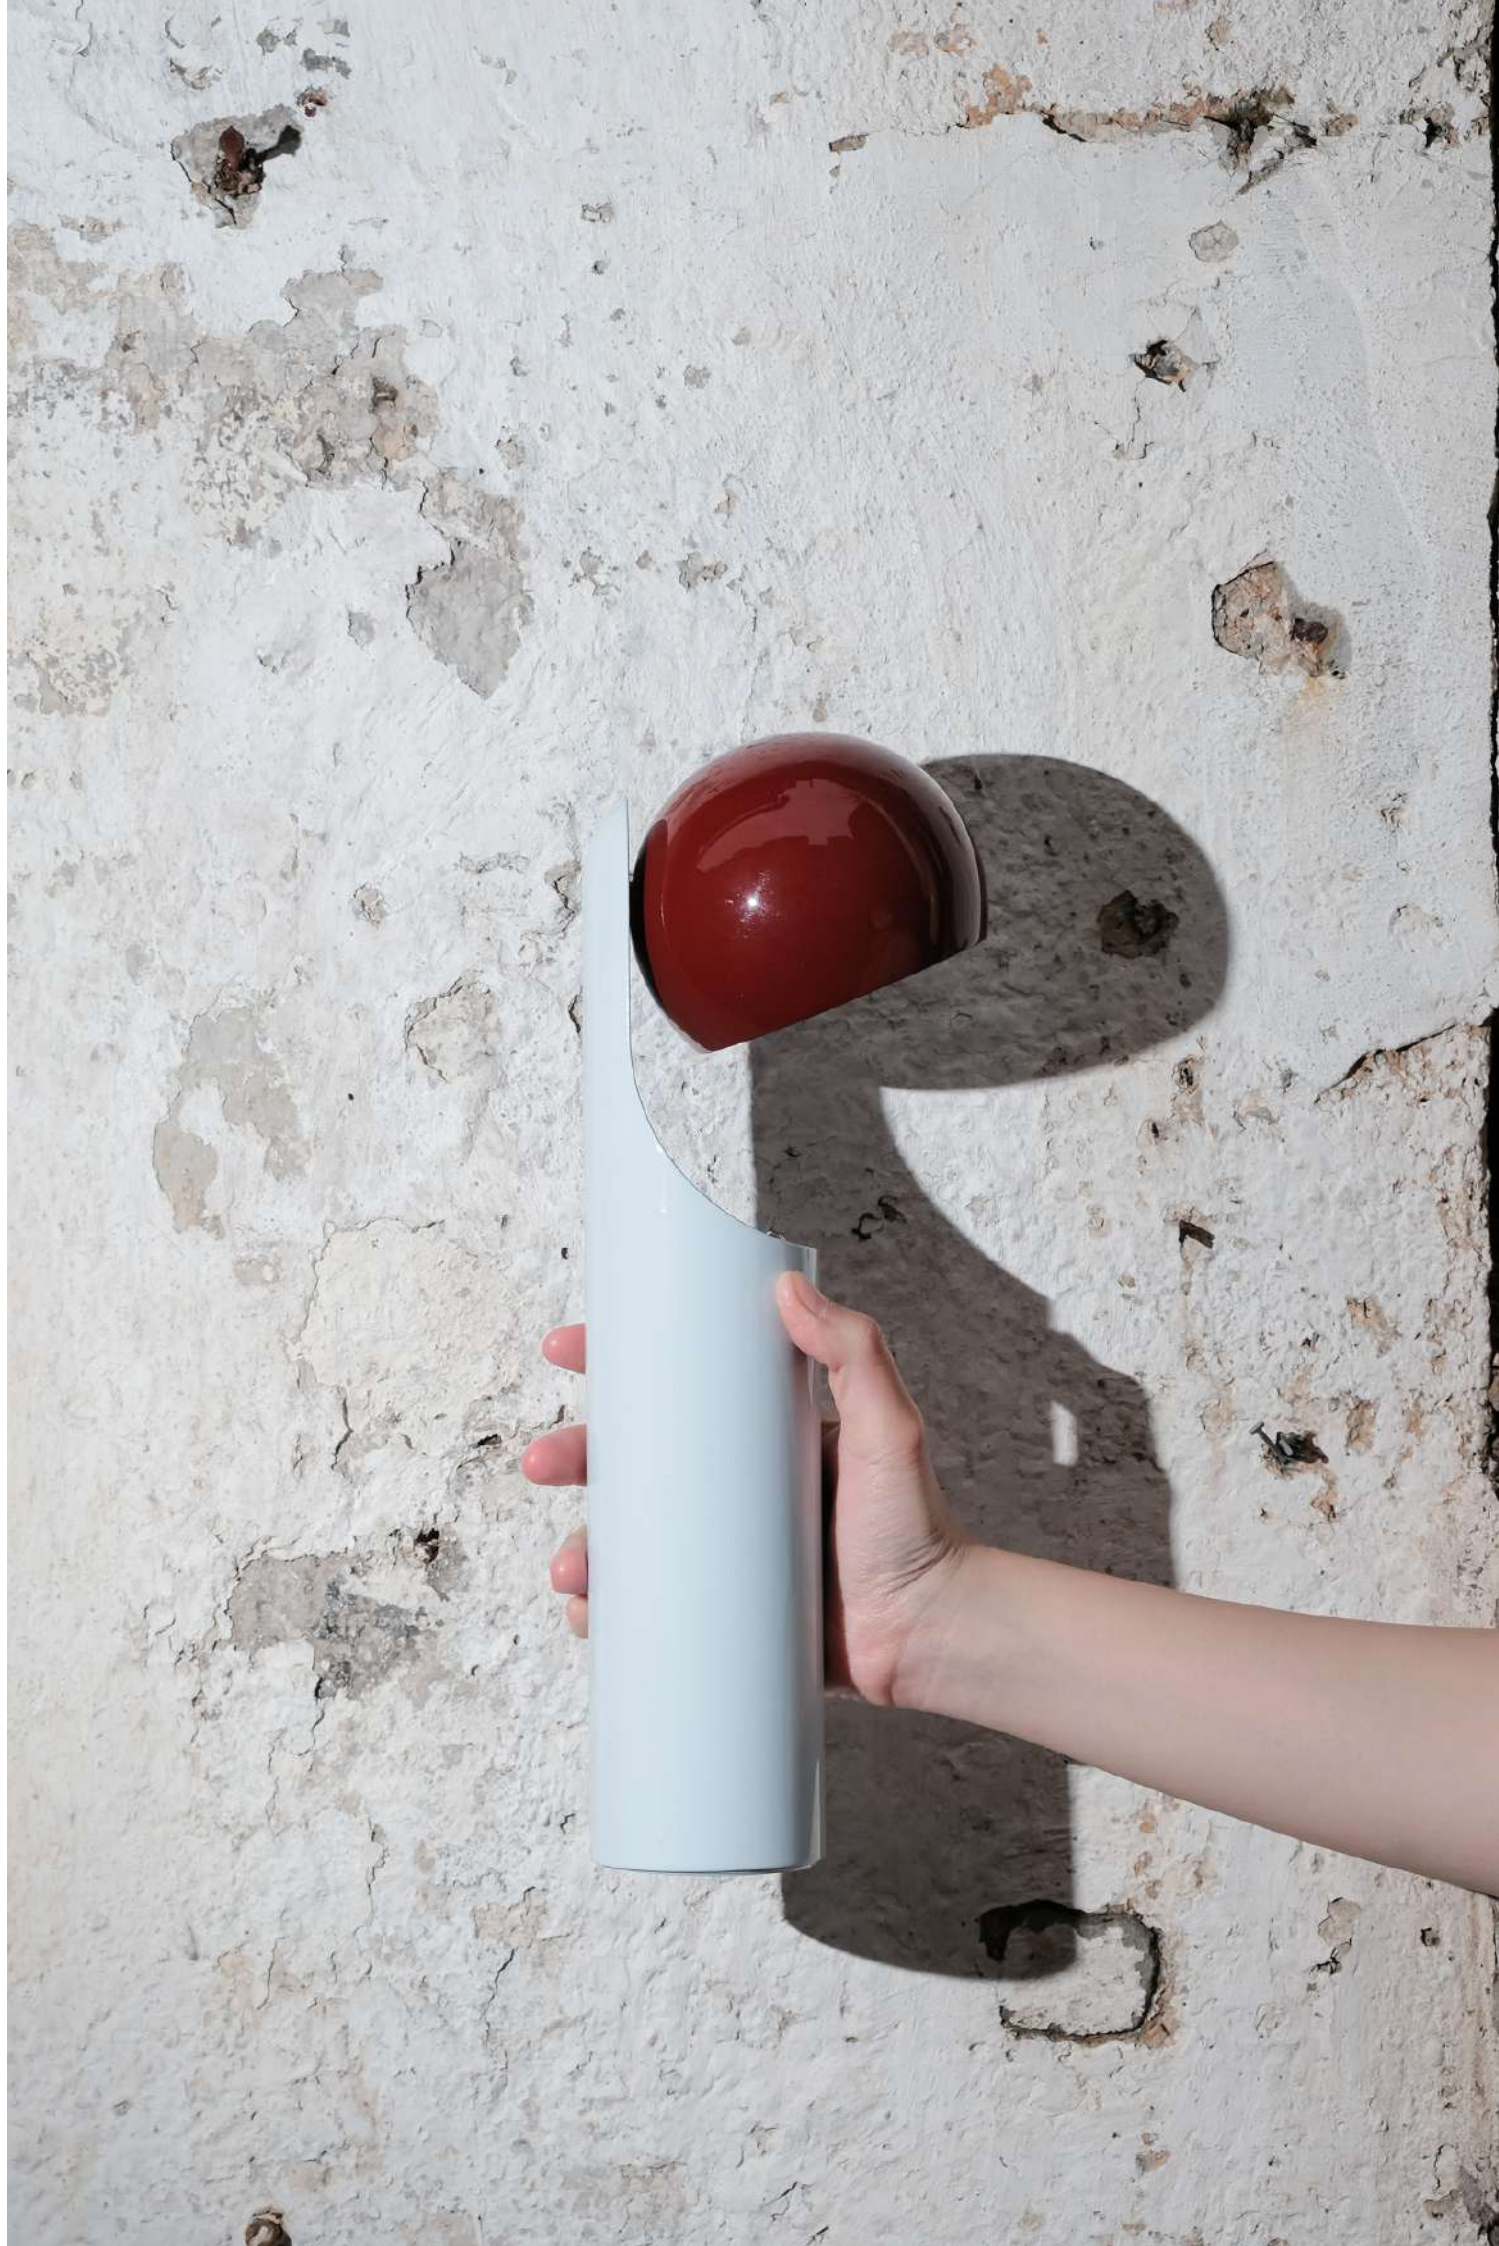

MONO TABLE LAMP

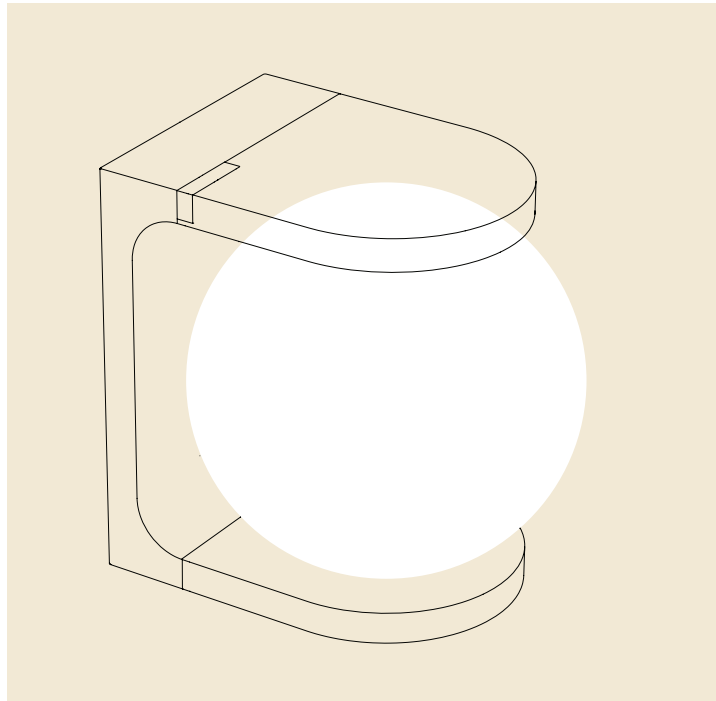

MONO has a variety of colors options, it has an intuitive single touch sensitive button interface, turning it on/off and dimming all in one touch.

THE PLAT COLLECTION

designed by Notion Studio

GOOD DESIGN
AWARD 2021

Stemming from “plateau”, meaning an area of level high ground, Plat is a desk lamp with one vertical side to lean books against, and a flat top to rest and wirelessly charge a phone.

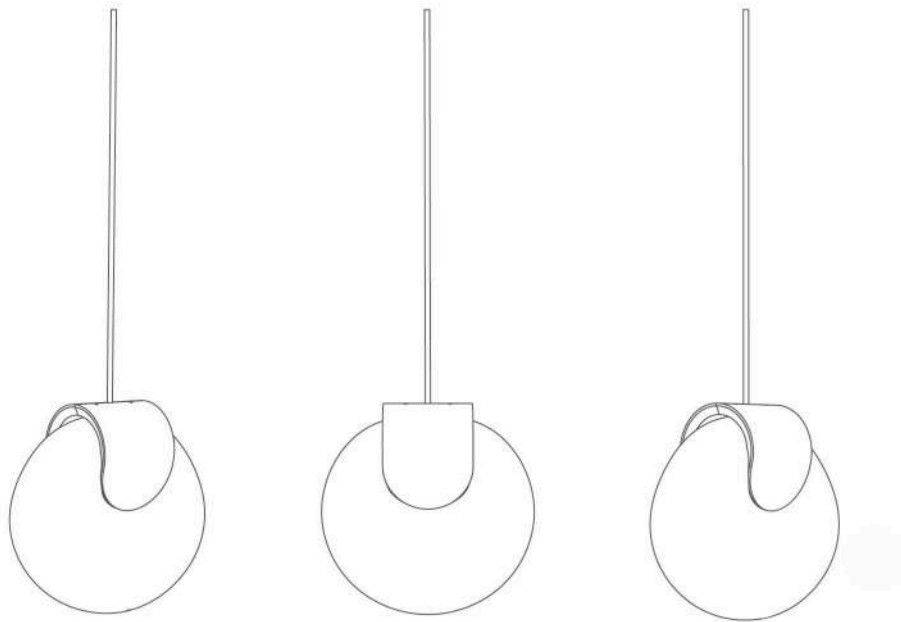

PLAT TABLE LAMP

THE PINCH COLLECTION

designed by Notion Studio & Offhand Prattice

F I N E L U M E N S

While the classic globe pendant is suspended by a central stem, the Pinch's light source is gently clasped by an aluminum clip, deforming it like a Tang Yuan (Chinese sweet dumpling).

PINCH PENDENT LAMP

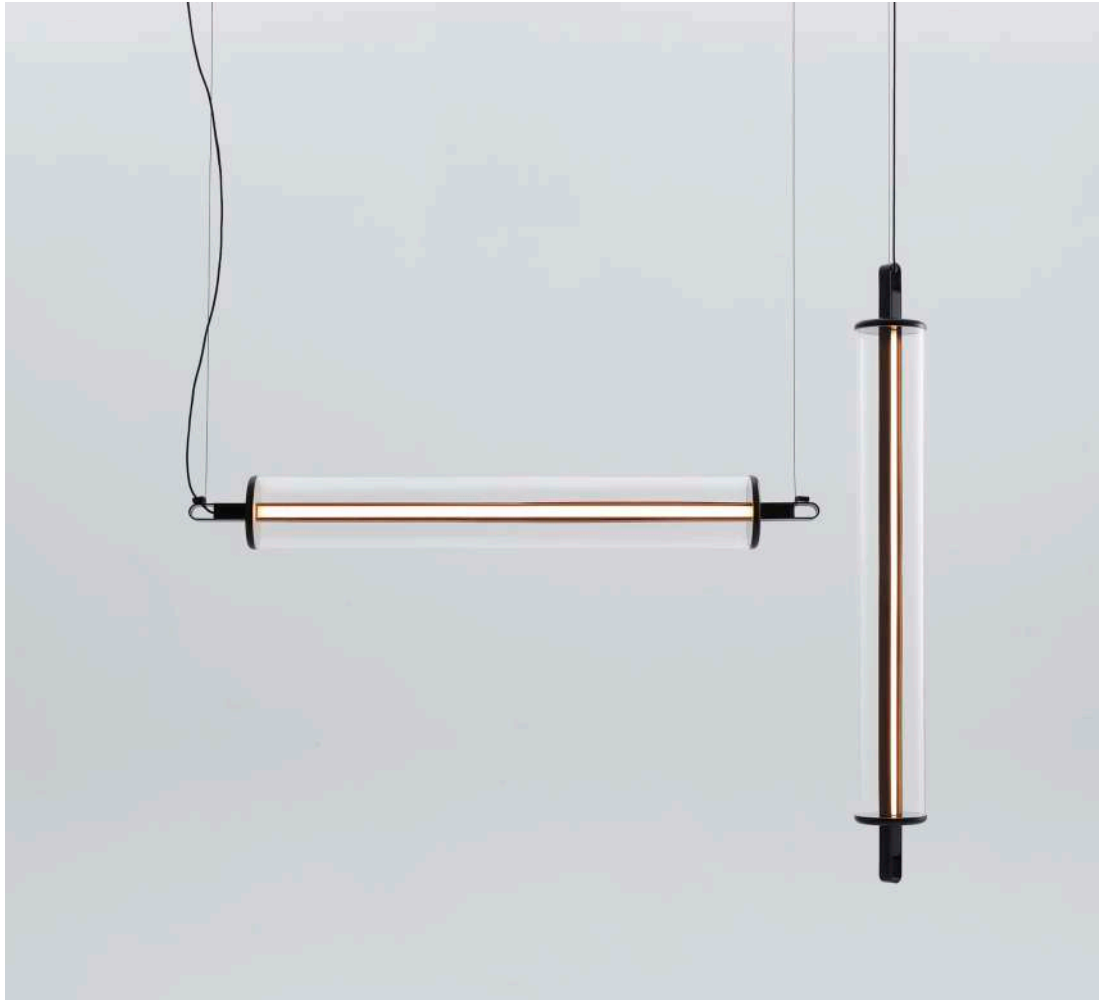

THE LINE COLLECTION

designed by Notion Studio & Atelier Tao+C

F I N E L U M E N S

With the intention of making a lighting as an architectural element rather than an ornament, the designer reduced the lamp to a minimal form – a linear light glowing inside a crystal glass tube. The led light is concealed in a delicate black metal strip which pierces through the cylindrical section.

The elegant line and simple shape might reminisce one of an elongated lantern – an ancient Asian illumination in Asia or an enlarged electron tube, evoking a sense of both traditional and contemporary.
